## There is so much to discover at this year's Ajyal Film Festival!

We are delighted to welcome you to another unmissable edition of our annual Ajyal Film Festival. Over the next six days, we invite you to enjoy a hand-picked selection of the world's finest examples of family-friendly cinema. From thought-provoking documentaries to hilarious comedy, there is something for people of all walks of life, and every generation to enjoy.

Once again, Ajyal jurors from around the world will join us in Katara with the important job of crowning the eventual winners of our coveted Ajyal Awards. During the festival, they will develop their film literacy, creative writing, and analytical thinking skills through a series of film screenings and workshops. But more importantly, they will learn to express themselves, create lasting friendships, and expand their understanding of the world around them.

The Qatari film industry continues to go from strength to strength and this year we are proud to present some of its shining examples in our 'Made in Qatar' programme presented by Ooredoo. We have two short film programmes that include gripping narratives, fascinating documentaries and reflective essays.

Our Ajyal Stage also returns with three fun-filled days of live musicians, performing artists, and captivating cinema from 29 November to 1 December. Don't miss our SONY Cinema Under the Stars series, a special kids' red-carpet screening of the delightful 'Maya the Bee', and a feast for

the senses with our 'My Family Tree' Cine-Concert. We have once again partnered with the Translation and Interpreting Institute of the College of Humanities and Social Sciences at Hamad bin Khalifa University for an inclusive screening that will bring the magic of cinema to all film lovers.

Qatar's largest pop-culture event, 'Geekdom' returns with a bumper schedule of activities for nerds and nerdettes of any age. From our fan-favourite cosplay day to nail-biting video game tournaments, and more - we've got something for geeks of all kinds.

To mark 'Year of Culture Qatar - Russia 2018', we have a 'Made in Russia' programme with a selection of short Russian dramas, documentaries, and animations. Our Ajyal Talks are sure to inspire too with stimulating discussions on the potential of art as a means of self-expression and the power of music in our most beloved of art forms - cinema.

Finally, as part of our continued support of the local art community, we are honoured to host an interactive exhibit entitled '[Re]Action'. The works on display are a celebration of Qatar's resilience and tenacity, showcasing how as a nation we continue to grow even when faced with adversity.

Throughout this guide, you will find more information on our film screenings and events to help you plan your Festival. The programme once again offers something for everyone, from young to old, and we are excited for you to discover it. Hope to see you there!

## Ajyal Competition

As always, engagement of young people at the festival centres on the juries of the Ajyal Competition, who select the festival's award winners.

By providing young people from the ages of 8 to 21 with access to international cinema and filmmakers from around

the globe, Ajyal helps them develop their understanding of how the world tells its stories in a spirit of cultural exchange.

The Ajyal Competition inspires creative thinking, cooperation and self-expression - and leads to friendships that will last a lifetime.

## Ajyal Jury

The Ajyal Competition Jury is divided into three sections by age group. The three juries are:

### Mohaq

Mohaq means 'New Moon' in Arabic, and these are Ajyal's youngest jurors, aged 8 to 12. These young people will watch one programme of short films and four feature-length films.

### Hilal

Ajyal's jurors aged 13 to 17 are the Hilal jury - the term means 'Crescent Moon' in Arabic. Four feature films and one programme of shorts make up this jury's film selection.

### Bader

The most mature of Ajyal's juries, Bader (Arabic for 'Full Moon') jurors are aged 18 to 21 and will select their favourite films from five features and one programme of short films.

## Awards

Each of the three Ajyal Juries awards a Best Film prize to their favourite short and feature-length films, for a total of six awards. The directors of the winning films are granted funding toward their next film, so jurors are empowered to support and promote future content that is relevant and important to them, in a proactive way.

Our youngest audiences vote for their favourite film in the Bariq programme (see page 21). A jury of regional industry professionals will decide the Best Film in the Made in Qatar presented by Ooredoo section (see pages 15 and 16).

Once again, our Ajyal Audience Award will be decided by the general public. Be sure to keep an eye out for your chance to vote at some of our feature-length film screenings.

## Freedom Fields 18+

Doha Film Institute Supported Film

At the new dawn of a nation once cut off from the world, a dynamic group of women from fractured sides of the revolution come together to play football. A Doha Film Institute granted film, 'Freedom Fields' is a story about hope and sacrifice in a land where dreams seem a luxury. Filmed over five years, it follows three brave women and their efforts to build a team in post-revolution Libya, as the country descends into civil war.

The challenges they must overcome to achieve their dream of playing for their country are nothing short of remarkable. Throughout, they struggle to gain support, respect, and even the right to play, as certain segments of the community don't approve of their ambitions. Through the eyes of these accidental activists, we see the reality of a country in transition, where the personal stories of love and aspirations collide with history. A love letter to sisterhood and the power of teamwork, the film perfectly encapsulates the broader challenges facing women in contemporary Libyan society.

# An Inclusive Experience

## Theeb PG-13

Sun 2 Dec / 5:30 PM / K16-DT / Free - Reserve a ticket for admission

In partnership with the Translation and Interpreting Institute of the College of Humanities and Social Sciences at Hamad bin Khalifa University, we are once again honoured to bring the magic of cinema to everyone through an inclusive screening experience.

Our visually impaired audiences will be able to view the film through sound alone, with audio description of those visual elements that cannot be understood through voice, music or sound effects. While our viewers who are deaf, hard-of-hearing or have difficulty understanding speech will benefit from enriched subtitles in Arabic and English, as well as sign-language interpretation.

By adapting the film to the needs of audiences with different abilities, we hope to make cinema universally accessible. This year's film is the suspenseful adventure drama 'Theeb', by British-Jordanian director Naji Abu Nowar, which was nominated in 2016 for an Academy Award in the Best Foreign Language Film category.

### **Theeb**

In 1916, in a Bedouin encampment in the Arabian desert, Theeb and his elder brother Hussein go about their daily lives. Meanwhile, the Arab Revolt is about to change life on the Arabian Peninsula forever. When a mysterious British soldier arrives at the camp, Theeb finds himself on a more significant journey than he ever could have imagined. Employing a cast of non-professional Bedouin actors, director Naji Abu Nowar creates an affecting coming-of-age story inflected with the epic scope of a classic Western.

With vibrant colours and eye-catching design, street art can promote modern Arab culture by breaking down stereotypes, and inviting viewers to reconsider topical issues. This Ajyal Talk will be an opportunity to meet renowned artist 'eL Seed', who will share with us his creative process and explain what impact he hopes to achieve with his work.
