DOHA FILM INSTITUTE

### Doha Film Institute Grants Programme - FILM General Guidelines

1. Funding is available via the Doha Film Institute Grants Programme (the "**Programme**") to international film projects that satisfy specific criteria.

Development, production and post-production funding is available for short and feature-length projects. For features, a first- or second-time director must be attached.

For the purposes of the Programme, a first- or second-time filmmaker is defined as one who is directing their first or second feature-length (65 min and over) narrative or documentary film.

Post-production funding for feature-length films is also available to **established directors** from Qatar and the MENA region.

Funding is subject to criteria based on the director's nationality.

2. The Institute does not apply restrictions on form or genre.

3. Short films are defined as 5 to 30 minutes in duration and feature films as 65 minutes or longer in duration.

4. A director may be attached to only one project per Programme session.

5. Applications for production or post-production funding for feature-length projects must have a producer and production company attached.

6. Projects that have received **development** funding in prior Programme sessions are eligible to apply for **postproduction** funding **only**. Projects that have received **production** funding in prior sessions are not eligible to apply for post-production funding.

7. A project **will not be considered more than twice** at the **same stage** of production. **Resubmissions** for the same stage of funding must be accompanied by a **detailed report of all applicable changes**.

8. Funding for experimental and essay projects is available to Qatar and MENA applicants only.

9. There are two annual grants submission cycles. Check online for exact dates

10. A director who has **completed a film longer than 30 minutes cannot apply** for funding with a **short film**.

11. A director applying for funding for a feature film must have completed at least one short film.

12. If a **project is co-directed**, **both directors** must be **first- or second-time filmmakers** and must meet all other eligibility criteria.

13. Any **project** under consideration becomes **ineligible** if its **world premiere** takes place **prior to the deliberations** of the jury.

#### 14. Incomplete applications will not be considered.

Doha Film Institute reserves the right to modify these guidelines at any time without prior notice.

### DOHA FILM INSTITUTE

# **Eligibility per region**

FUNDING FOR EXPERIMENTAL AND ESSAY PROJECTS IS AVAILABLE TO QATAR AND MENA APPLICANTS ONLY

		SHORTS			FEATURES		
		Development	Production	Post-Production	Development	Production	Post-Production
First	QATAR	v	٧	v	v	٧	v
& Second time	MENA		v		v	٧	v
directors	NON MENA						v
Established MENA (including Qatar)							v

# **Funding Consideration Stages**

Eligible projects are considered for funding in two stages:

#### Stage 1:

The artistic material and the director's previous work(s) are reviewed. DFI will notify applicants **within two months** of the submission deadline, informing them whether their project has been shortlisted or not.

Supporting documentation may be submitted in Arabic, French and/or English during Stage 1.

If English-language documents are translations, applicants are encouraged to submit the originallanguage versions as well. Whenever possible and applicable, previous works should be submitted with English subtitles.

#### Stage 2:

Further materials must be submitted to DFI **within one week** of notification of inclusion on the shortlist, and the Programme Jury will thereafter carefully evaluate shortlisted projects. Final decisions will be announced **within two months** of the commencement of this evaluation process.

Should your project be shortlisted, any documents originally submitted in Arabic or French, including scripts, treatments and/or rough cuts, must then be provided in English and/or with English subtitles.

\* Please be sure to also include all links on the online submission form.

\*\* Please elaborate on the current status of your Draft/Cut, mentioning the challenges you are facing

and the improvements you envision to bring your Draft/Cut to completion.

Any additional materials you wish to attach to your application should be submitted as a separate PDF file.
